

# **EGK – ELITE GOALKEEPING WARRANTY CONDITIONS FOR GOALKEEPING GLOVES**

**EGK – Elite Goalkeeping provides access to glove brands from manufacturer's that ensure that the quality of their product is of the highest standards.**

**However goalkeeping gloves that are made of rubber latex are therefore very fragile. The surface covering on the palms will start to wear off from the first day of use.**

**Soft wear gloves will show signs of wear much faster than the hard wear alternatives, although soft latex is still the preferred material for advanced goalkeepers.**

**You can continue to use your gloves until the entire top layer of latex wears off.**

**However, no manufacturer gives a warranty on latex. Warranty is provided to cover splitting or stitching faults, not wearing or tearing of the latex surface. This warranty is available during the first three months of use.**

**Gloves accepted under warranty will be repaired and returned. Naturally if they cannot be repaired satisfactorily, they will be replaced.**

**We take this opportunity to thank you for choosing to purchase your gloves from the EGK – Elite Goalkeeping Online Store.**
